## What it Means for Your Business

**Scale with Speed** - With Vonage, get up and running in as little as a week using your current Internet connectivity. And as your business grows, easily add phone lines as you need them.

**Mobility Means Productivity** - Whether you're in the office or traveling abroad, your voice, instant messaging and contact presence follow you. Stay connected to your business with full access from your desk phone, desktop, laptop, mobile phone or tablet.

**More of the Features You Use** - Get the most important communications tools to keep your business moving. Leverage 40+ included calling features and a variety of add-on features to meet your specific business needs.

**Peace of Mind** - Whether you've yet to build an IT team or you've got 10 on staff, Vonage provides support for your communications system. Our customer care representatives are trained to help you with any need, typically within the course of a single phone call.

**Flexibility is Key** - Not only do our solutions scale based on customer size and needs, we also offer convenient, month-to-month contracts to make it more obvious than ever to choose Vonage.

And for a limited time, Vonage is offering  
unlimited extensions for:

**\$19.99\***  
/LINE/MONTH  
PLUS TAXES AND FEES.

Each extension includes:

- A Poly Handset
- Free mobile and desktop applications
- Vonage Meetings

\*With two year agreement. Poly desk phone (or similar model) included. While supplies last. High speed internet required.

**FREE**  
first month of  
service for JASG  
members\*
