## What is the JASG Young Professionals?

The Japan America Society of Georgia (JASG) Young Professionals is a group dedicated to creating a friendly, stimulating environment in which young professionals with an interest in international business and U.S. - Japan relations can gather and learn from one another. Young Professionals' meetings are informal, informative, and interactive. By making use of the many international resources in the metro-Atlanta area, the JASG Young Professionals organize a variety of interesting, practical programs designed to enhance member knowledge of Japan and U.S.- Japan relations. Young Professional events are for people with interest in meeting others with a professional or personal interest in the U.S. - Japan relationship.

The Young Professionals is also about having fun. Members are encouraged to get to know one another and young professionals' events

always have time for socializing planned into schedule. Young Professionals are friendly, supportive, and excellent sources of information on a variety of subjects.

## How do I join and what are the benefits?

Membership is open to professionals working in companies with an international focus, or those with an interest in the U.S.-Japan relationship. Membership dues are \$45 per year and \$15 for students. In addition to frequent YP events, Young Professionals are considered to be individual members of The Japan-America Society of Georgia. Therefore, members will receive all JASG and YP mailings, including newsletters and event invitations. The JASG also makes every effort to offer YP discounts at as many of its events as possible. Existing individual members of the JASG and existing employees of corporate members or current members of the JASG need only pay \$5 to join the Young Professionals.

## How often do we get together?

One of our goals for the Young Professionals is to create programs that are informative, interesting, and fun. Meetings are typically held every four to six weeks. Members with an interest in taking a leadership role in the organization are welcome to do so. The Young Professionals would like as many members as possible to become active in the planning and organizing of events. In other words, when it comes to participation in the Young Professionals, each person is encouraged to find his or her own level of comfort.
